

Compressing images

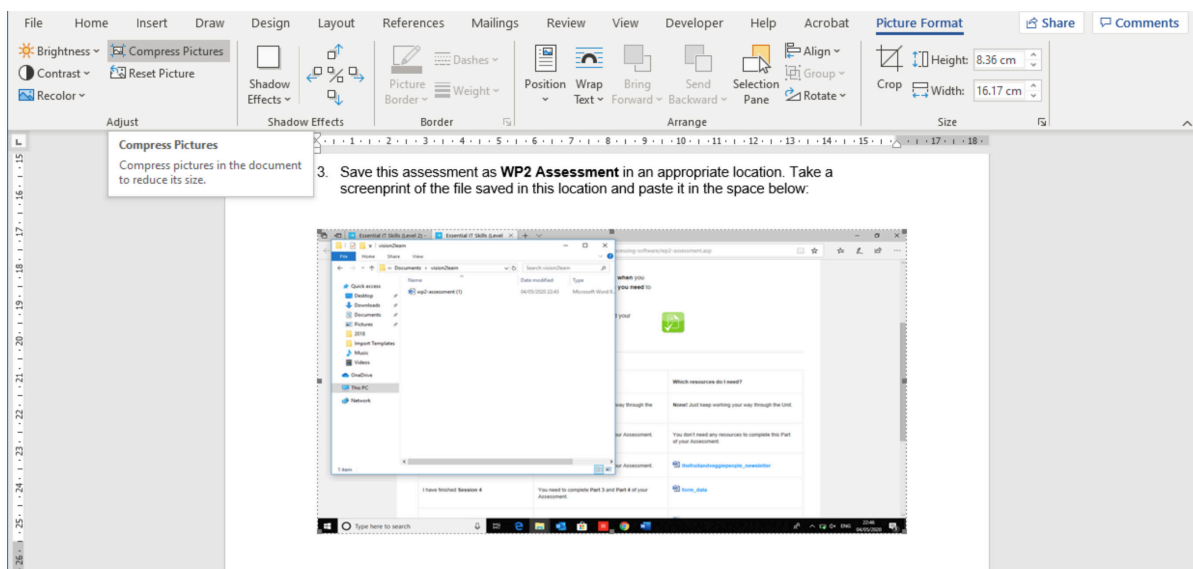

During the assessment you are required to take several screenprints and paste them into the assessment booklet. These screenprints can be quite large and ideally, they should be compressed to keep the file size as low as possible. To Compress all of the screenprints within the assessment booklet follow the step by step instructions below. If you encounter any difficulties with this please v-mail your tutor for guidance.

Step 1

Select the image by clicking on it.

Step 2

On the Picture Format toolbar select Compress Pictures:

Step 3

When the Compress Pictures dialogue box appears select All pictures in document and change the resolution to Web/Screen then select OK.
