Business Growth

Sales of all balloon ride experiences were steady in the first 3 months of the year but have increased dramatically since April. We believe is due to the new investment into marketing and promotion, especially the new website. Take a look at the chart to the right which shows total sales of all experiences for the last 6 months.

Other income

- As well as the increased income from Balloon experience days we are also seeing increased levels of income from other areas of the business.
- Income from partner hotels has increased by 10%
- Income from Media events has increased by 15%
- Sales of T shirts, Photos and other merchandise has increased by 12%
- Income from corporate sponsors has increased by over 20%
