Section 3 - Understand ethical conduct within cyber security	6

Hints and Tips Unit 5

The information in this guide will be helpful to you when you are ready to complete your assessment:

Unit 5: Understand Legislation And Ethical Conduct Within Cyber Security Level 3

Section 1 – Understand legislation relating to cyber security

Q1. In the table below, provide four different Acts of legislation and **describe** how each one impacts on cyber security:

The course content provides you with information on several different Acts of legislation. Using the table for this answer, you must include four of these and your own description to demonstrate your understanding of each one and how it impacts on cyber security.

Q2. **Explain** trends in international law for cyberspace:

There are many trends in internal law for cyberspace and some of these are discussed in the video on page 3 of the course content. Ensure that you name and explain at least three of these in your answer.

Section 2 – Understand information security standards

Q1. Identify at least three ISO standards related to cyber security

You may list the different ISO standards in the table provided for this answer. You must provide at least standards and can include more if you wish.

Q2. Explain how ISO standards are used to support cyber security:

You are asked to explain how the standards that you identified above are used to support cyber security. You will need to describe how and why some are used and the differences between them.

Section 3 - Understand ethical conduct within cyber security

Q1. Describe ethical conduct within cyber security. You must reference the following in your answer:

- maintaining confidentiality
- adherence to applicable laws
- promoting information security
- refraining from conflicts of interest

This will be a lengthy description to ensure that all four types of ethical conduct are fully described within your answer. Include what ethical conduct means and why each of the above are important. Are there any consequences to not including them?

Q2. Identify at least three ways in which unethical conduct may be carried out within cyber security

As an identify question you may list the different ways in which unethical conduct may be carried out. You must include at least three.
