

Compressing images

The file size limit for each attachment when submitting work is 3MB. If your WP2 Assessment document is larger than 3MB, use the following instructions to compress the screen prints within your document. This will then reduce the file size.

1. Select one of the images and click the **Picture Format** tab:

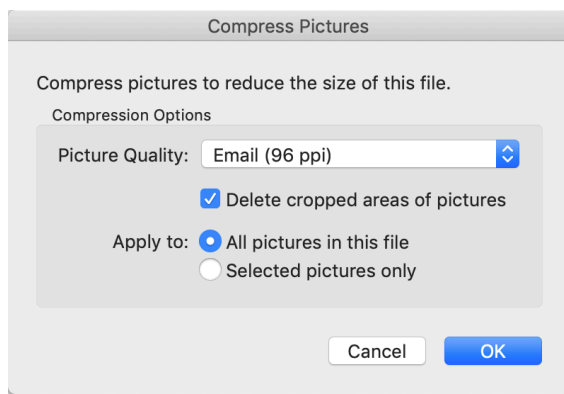

2. From the ribbon select the **Compress Pictures** icon; a dialog box will appear,

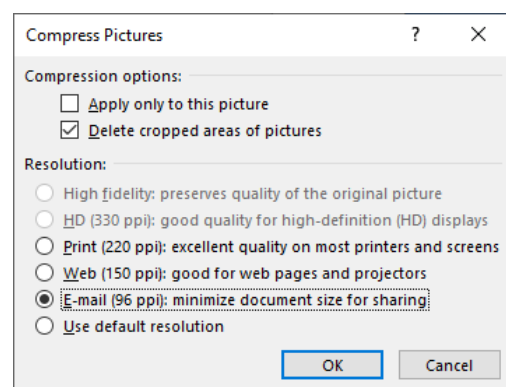

3. Select the following options:

Mac

PC

4. Click ok and Save the document.
